RE: Liquidation following Commerce negative determination of critical circumstances for certain carbon and alloy steel cut-to-length plate from Belgium for the period before 11/14/2016 (A-423-812)

1. On 04/04/2017, Commerce issued a final determination that critical circumstances do not exist with respect to imports of certain carbon and alloy steel cut-to-length plate from Belgium from Industeel Belgium S.A. (see 82 FR 16378). As a result of Commerce's final negative determination of critical circumstances, CBP should terminate the suspension of liquidation for shipments from the following companies of subject merchandise that were entered, or withdrawn from warehouse, for consumption before 11/14/2016 (the date of publication of Commerce's affirmative preliminary determination notice in the Federal Register). All such entries should be liquidated without regard to antidumping duties (i.e., return all cash deposits).

Producer and/or Exporter: Industeel Belgium S.A.

Case number: A-423-812-001

2. Notice of lifting of suspension of liquidation of entries of merchandise covered by paragraph 1, above, occurred with the publication of Commerce's final determination (82 FR 16378, 04/04/2017). For all other shipments of certain carbon and alloy steel cut-to-length plate from Belgium, continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates unless instructed otherwise.
